M'KINLEY SEES HANNA.

Party Leaders Call at White House to Plan.

WASHINGTON, June 12.—The President had a number of prominent callers to-day before the Cabinet meeting. They included Senator Hanna, Chairman of the Republican National Committee; Senator Allison, of Iowa; Senator Fairbanks, of Indiana; Senator Penrose, of Pennsylvania; and Thomas K. Lowery, of Minnesota.

Senator Hanna goes to Philadelphia to-morrow to attend the first meeting of the sub-committee of the Republican National Executive Committee. He probably will see the President again before his departure.

Senator Fairbanks goes to Ohio to-night to deliver an address to the graduating class of the Ohio Wesleyan University, and will not reach Philadelphia until Saturday. Senator Allison also expects to arrive on that day.

Mr. Lowery, who is pushing Senator Washburn, of his State, for the Vice-Presidency, continued his journey to Philadelphia to-day.

“No one can say, with positiveness who the nominee for Vice-President will be,” said one of the Senators, after he had left the White House. “Things are shaping up some, but the problem is a difficult one to solve. I think the Republican leaders as a rule are of the opinion that the nomination should go to the East, so as to secure a geographically balanced ticket. Secretary Long would make an admirable candidate, but his State is safely Republican, and his nomination would avail little from a strategical standpoint.

“Mr. Roosevelt, I think, would prefer to see the nominee chosen from New York, but there are difficulties in the way. Gov. Roosevelt’s attitude prevents a natural selection.

“If Cornelius N. Bliss would accept the nomination I think the problem would be solved. He is being urged to permit his name to go before the Convention, but he has thus far declined, and I am afraid he cannot be induced to alter his position.

“He retired to private life from choice for domestic reasons, and nothing, I fear, will induce him to re-enter politics.”

ROOSEVELT IS FIRM.

Has Not Changed His Attitude on Vice-Presidential Question, He Declares.

(Special to The Evening World.)

ALBANY, June 12.—Gov. Roosevelt to-day declared most emphatically that he has not changed his attitude on the Vice-Presidency. He said: “I have nothing to add to what I already have said. My position is irrevocable.”

HE MAY GROW UP SOME DAY.

BOY STOLEN FROM HIS FATHER’S SIDE.

A kidnapping mystery similar to the Baby Clark case is puzzling the police. Six-year-old Charles Hinman was stolen from his father’s side on Sunday at a Marshfield picnic.

The police have found a man named John Michaels at Marshfield, who says he saw a boy answering Charles’s description walking up the railroad track at Marshfield with a strange man Sunday night.

The man wore light trousers, blue coat and vest and brown Fedora hat.

Michaels says the child was crying and the man seemed to be trying to urge him to go on. The pair were going in the direction of Jamaica, L. I.

Mrs. Hinman, the mother of the stolen child, made this pathetic appeal to The Evening World through her husband, Charles Hinman, of 219 East Ninety-sixth street. Mr. Hinman thus told the story of the kidnapping:

“The kidnapping of my boy is similar to that of Baby Clark. I want The Evening World to help me find him.

“My boy is six years old, three feet tall, has light hair, blue eyes and regular features.

“He was dressed in a white yachting suit with long trousers, white sailor hat,

TWO REBEL CHIEFS CAUGHT

Gen. MacArthur Reports Capture of Philippine Gen. Hizon and Cavatary.

WASHINGTON, June 12.—Gen. MacArthur, at Manila, called the War Department to-day as follows:

“Report capture Gen. Hizon near Mexico, and Cavatary at Alcala, both important, latter very important leader of guerrillas in Pangasinan province (Luzon).

Gen. Corbin attaches considerable importance to these captures. In his opinion they are more nearly in the nature of surrenders than captures, and indicate that the principal leaders of the insurrection are abandoning their cause.

EXTRA!

10 BURNED TO DEATH IN WILLIAMSBURG FIRE AND MANY INJURED.

Ten men were burned to death in a fire at Paul Williams’s big cigar shop at Myrtle avenue and North Fifth street early tonight. Seven or eight men were injured.

A dozen more were seriously hurt. All the employees of the Williams-Dickson and South Division were heavily endangered. The stores were looted by the riotous looters and all the goods were ruined.

The fire started in a room on the third floor of the building and spread great headway.

More than two hundred men and boys were employed in the doomed shop, and the escape of those on the upper floors was entirely cut off.

Many plunged through the flames and escaped with painful but not fatal burns. Others made their way to the street with safe and were struck of damage burned off.

Persons received a series of injuries, both fatal and serious, as follows: The intense heat soon drove the rioters back.

From a room and two others on the upper floors. A fireman, who was about to enter a room, was killed by a window on the lower floor. His body was seen to fall from the window.

The last thing I saw of the terrible fire was him the fireman, who was seen to fall from the window. He was killed by a window on the lower floor. His body was seen to fall from the window.

ST. LOUIS, Mo., June 12.—A despatch to the Globe-Democrat from Spokane, Wash., says that the Great Northern eastbound passenger train which left there yesterday was thrown from the track at Summit, Mont., to-day.

It is supposed that the accident was the result of a broken rail. Two engines and four coaches were reported to have gone into the ditch.

A score or more passengers were injured, some probably fatally, but none was killed outright.

“TRUSTY” TO CROKER.

Special Tammany Messenger Has Sailed—Carroll to Be Scapegoat?

To break the news to Mr. Croker—that is the mission undertaken by a certain Tammany Hall “trustee,” who, it is said upon positive authority, left New York City more than a week ago. He has crowded the ocean and is telling the Tammany chieftains how it all happened.

The man sent is a lieutenant of John F. Carroll, and one whom Croker will listen to. His mission, if successful, will tend to soften the chieftains’ anger and to fully prepare him for the questions which the public will want answered upon his arrival.

MISSIONARIES WANT TROOPS.

WASHINGTON, June 12.—Extraordinary pressure is being brought to bear upon the President and State Department by the missionary interests to send relief expeditions to secure the safety of the missions in outlying Chinese towns.

This pressure is increasing, and the intimation is freely expressed that United States troops might be employed for this purpose.

The State Department, however, has not altered its position, and Admiral Kempp is strictly confined to his instructions to protect American lives and American property.

CALL FOR A WARSHIP BY CHINKIANG CONSUL

WASHINGTON, June 12.—The greatest anxiety was created at the State Department to-day by the receipt of a despatch from Consul Martin at Chinkiang, a China treaty port, demanding a warship for the protection of American interests.

Chinkiang is over seven hundred miles from Tien-Tsin down the east coast and 120 miles from Shanghai, showing that the anti-foreign rebellion is spreading all over China. As the French Foreign Office has announced the flight of French residents from Yunnan, on the southern border, this despatch from our consul shows that the disturbance may at any time become manifest in the other treaty ports.

Magistrate Flammer held him in \$1,000 bail for trial.

CABINET DECIDES TO AVOID CHINA PLOTS.

WASHINGTON, June 12.—The Cabinet meeting to-day was attended by Secretaries Hay, Hitchcock, Long and Gage and Postmaster-General Smith and was devoted to a discussion of the Chinese situation.

Secretary Hay laid before the Cabinet despatches from Minister Conger, which indicated that the situation is very critical. Secretary Long had no late despatches.

The steps that have been taken to reinforce Admiral Kempff were gone over, and it was decided to stand by the policy which has been entered upon of pushing measures for the protection of the lives and property of American citizens and of acting independently as far as possible.
